

## Ontario/Outaouais Chapter

**August 19, 2018** Corn peeler at Village Gagnon Park.

Sweet corn was abundant. Denis Pommainville was in charge of the cooking. More than 200 people attended during the day.

Alain Daze was demonstrating his portable sawmill. Many of the white pine planks cut with this machine are now part of the interior walls of the Pommainville Heritage House, in the background.

Demonstration of an old-fashioned threshing machine. Bernard Gagnon, in his blue shirt, remembers the threshing chores that were part of his youth in Gagnon.

**June 10, 2018** Annual picnic at Village Gagnon Park

**April 8, 2018** At the Annual General Meeting at the Buffet des Continents de Gatineau, we had the honour of welcoming Mr. Paul Gagnon as a guest speaker.

A former bush pilot and author of an exciting book, he shared with us his very interesting background in the field of civil aviation in Quebec, Canada and abroad.

**June 2016** It was not always hot for the annual picnic. In 2016, coats had to be worn and without the canvases installed on the morning of the picnic around the tent, the participants would have been frozen to the bone.

**May 15, 2015** Several members of the chapter Ontario/Outaouais of the Gagnon and Belzile Families Association are also part of the group "Les Amis Du Village Gagnon". Every year, hundreds of volunteer hours are counted to improve the Village Gagnon site.

**June 2014** At the annual picnic, a weather vane representing Gagnon's school on a scale was presented to participants by Nathaniel and Ida Gagnon's living family members. From left to right: Denis, Philippe, Bernard and Gaston Gagnon. Absent from the photo: Eudore Gagnon.
